

Date of LIVE Workshop
20th & 21st March 2024

ArthroZheal® LIVE Workshop

What will you obtain from attending:

- Hands-on training
- Comprehensive theoretical knowledge of the benefits of applying ArthroZheal® in orthopaedic surgery
- Practical understanding and demonstration of how ArthroZheal® can be applied during different orthopaedic surgical procedures and techniques
- Networking and sparring regarding the use of ArthroZheal® in orthopaedic surgery

MITERA General Hospital , Athens, Greece

Treatment of articular cartilage, tendon and soft tissue damage remains a challenge for the practicing orthopaedic surgeon. Due to the multifactorial aetiology of these lesions, there is a narrow therapeutic window within which they can be treated successfully, thus preventing progression to other musculoskeletal tissues. **George A. Skarpas MD, PhD, MSc** shares his experiences and the clinical benefits of applying ArthroZheal® in orthopaedic surgery with surgeons from around the world through the ArthroZheal® LIVE Workshop.

The Programme

Wednesday 20th March

Venue: [Stratos Vassilikos Hotel](#), 114 Michalakopoulou, 115 27 Athens, Greece ([hotel website](#))

18:00	Welcome and meeting start
18:30	Presentation: ArthroZheal® and Surgical Experiences

Thursday 21st March

Venue: MITERA General Hospital, 6, Erythrou Stavrou Str. 151 23, Marousi, Athens

08:00	3-5 live surgical cases followed by debriefing/discussion
14:00	Meeting end

George A. Skarpas
MD, PhD, MSc

George A. Skarpas MD, PhD, MSc

George A. Skarpas MD, PhD, MSc, Assistant Professor of Orthopaedic Surgery Head of Orthopaedic Dept for Sports Injuries & Regenerative Medicine “MITERA” General Hospital, Athens, Greece.

Dr. Skarpas has a great surgical expertise and interest in robotic and minimally invasive sports injuries and reconstruction surgery and regenerative medicine in orthopaedics. He has pioneered the use of ArthroZheal® in orthopaedic surgery and has made the first publication of clinical outcomes with the future application perspectives.
